DIRECTOR MESSAGE

Er.Perumal Manimekalai Polytechnic College is an institution that aims at the complete development of the student and our staff is a handpicked and trained to ensure that the students are given every possible support in all their Endeavour's .Our students are encouraged to widen their knowledge base and study beyond the confines of the syllabus. We strive to be a Centre of Excellence in all learning areas and our ongoing success suggested we are achieving our goals.

PRINCIPAL MESSAGE

Er.Perumal Manimekalai Polytechnic College is continuously strive to impart Quality Education along with high ethical and Moral values which enable us, not only to mould our students as successful Diploma Engineers but also as disciplined citizens of our Nation."A Dream does not become reality through magic. It takes sweat, determination and hard work" .We are honored to educate the students and our goal is to assist each students prepare for his or her life journey.

HOD MESSAGE

To provide high quality education and other services the competencies of the teaching staff have to be developed continuously. This will enable them to meet the ever changing technical advancements. We encourage our staff to undergo prioritized need based development programs and to acquire higher qualifications. To expose our students to the practical environment and industrial work culture we provide hands on experience through in plant training, industrial visit, guest lecturers by calling experts from industries. We are proud of our alumini, many of whom are holding leading positions at major national companies and corporations.

VISION OF THE INSTITUTION

PMC Tech -Polytechnic College shall emerge as a premier Institute for valued added technical education coupled with Innovation, Incubation, Ethics and Professional values.

MISSION OF THE INSTITUTION

- To foster the professional competence through excellence in teaching and learning.
- To nurture overall development of students by providing Quality Education & Training.
- To provide innovative environment to learn, innovate and create new ideas for the betterment of oneself and society.

VISION OF THE DEPARTMENT

To provide suitable environment for Electronics and Communication Engineering diploma holders to excel in profession to cater the needs for self and societal development.

MISSION OF THE DEPARTMENT

- ❖ Provide suitable learning environment to enable the students to face the challenges of technological development through theoretical and practical orientation.
- ❖ Enable students to develop skills to solve complex technological problems.
- ❖ To nature innovation and leadership quality to address the industrial and social needs

PEOs

Diploma Graduates of Electronics and Communication Engineering program shall

1. Adopt and upgrade themselves in the technological challenges of present and futures.
2. Have good practice in using modern electronics, and IT Tools, for the design and analysis of complex engineering problems.
3. Absorb and apply fundamental knowledge to solve industry and societal problem.
