III YEAR / VI SEM

S.No	Name of the Students	
1	VINAY KUMAR M RANK : FIRST	
2	VIJAY K RANK : SECOND	
3	ATUL S RANK : THIRD	

NAAN MUTHALVAN AWARD:

Students of our institution successfully completed the **CNC Turning Program On 30.01.2026** under the **Naan Mudhalvan Scheme**, an initiative of the **Government of Tamil Nadu** aimed at enhancing students' technical and employability skills.

As part of this training program, students learned the **fundamentals of CNC turning operations, programming techniques, tool selection, machine setup, and precision machining**. The training helped students gain **hands-on experience with modern CNC machines**, which are widely used in the manufacturing and tool & die industries.

After successfully completing the program and evaluation process, the students were honored with the **Naan Mudhalvan Award and Certificates** in recognition of their **technical skills, dedication, and successful completion of the CNC Turning training**.

This achievement reflects the institution's commitment to **skill-based education, industry-oriented training, and preparing students for advanced manufacturing careers**.

The management, Principal, Head of the Department, and faculty members congratulated the students and encouraged them to continue developing their **technical expertise and professional skills** for future opportunities in the manufacturing sector.
